

At Ana G. Mendez University System we are committed to provide excellent services to students with disabilities at Universidad Del Este, Universidad Del Turabo, and Universidad Metropolitana. Our mission is to offer support services to students with disabilities, allowing them to be successful in their university career, under conditions that are equal for the rest of the population.

Our goal is to achieve an adequate integration of this population in to university life, so they may reach their academic goals. Students with disabilities are exposed to activities and experiences leading towards their integral development. Student services and reasonable accommodations are provided aimed at achieving excellence as university students.

We offer the following services:

- Reasonable accommodation
- Individual counseling
- Workshops, conferences, extracurricular activities
- Referrals and coordination of services according to students' needs
- Consulting with agencies that specializes in services for persons with disabilities
- Serve as liaison with the Office of Vocational Rehabilitation, Faculty, service offices and other agencies in the community
- Training for associates that offer student support
- Training for faculty
- Others
